Through Tustin Connect, students in good standing may participate in certain events and activities at their elementary school of residence. Available activities vary by school, but may include music, art, PE, after school sports, after school enrichment, outdoor education, and other special field trips and events.

Steps to Initiate Access at School of Residence:

1. Fill out this form and submit it to the Tustin Connect office. Tustin Connect will send a copy of the form to your home school of residence to initiate the process. After submitting this form, please allow for at least 48 hours before proceeding to the next step.
2. Call the school of residence and set up an appointment to meet briefly with the principal/designee to discuss what activities are available and to learn about the school's policies for participating in activities.
3. Fill out an emergency card and any other necessary paperwork at the front office at the school of residence.

Policies and Guidelines:

1. Students must be in good standing at Tustin Connect and be up to date on all of their assignments to participate in any activity at their home school of residence.
2. Students must maintain satisfactory behavior/citizenship when they are participating in any activity at the elementary school of residence. If any behavior or citizenship issue continues after one parent notice, the privilege of participating in activities will be revoked.
3. Inter-district transfer students will not be able to choose an elementary school to access activities. Placement will be made at an elementary school in the district based on availability and program offerings.
4. Students should only be on campus during pre-approved activities and events, and students must be signed in at the front office before the activity and signed out directly after the designated activity by a parent/guardian.

It is my desire to have my child participate in activities and events at my child's elementary school of residence. I understand that the privilege of participating at my child's home school of residence is subject to meeting the conditions above.
